

Down on the Farm: Partnerships and Trusts and Getting it Right...

A Roythornes seminar for professionals, trustees and clients

Wednesday 13th February, Kingsgate Conference Centre,
Peterborough 2:30pm – 7:30pm *including light buffet*

Partnerships and trusts are fundamental to good business, estate and land management. Get them right and you hardly notice them. Get them wrong and it can bring the whole shooting match down.

And there's the challenge; how do you get them right? That's what this Roythornes seminar is about.

The seminar will cover:-

The Farming Partnership

- Case study: "Oh my Lord, the daughter-in-law's run off with the cowman" – sorting out the shillings on dissolution.
- The partnership agreement: an exercise in crystal-ball gazing?
- In and out: property and partnerships and tax traps.

Trusts and Governance

- The model trustee: do they exist?
- Mock trustees meeting: "Jack and Jill and the pot of money"
– a chance to see the model trustee and his opposite number in action.

This is a great opportunity to hear from our farming and estates specialists. It's also a chance to exchange news and views with other professionals, landowners and estate managers over a light buffet and drinks.

So please come along (and bring a colleague!).

Reserve your place

To reserve your place, simply complete the form on the reverse and fax it to 01775 725736, or e-mail markdodds@roythornes.co.uk.
