

renewables: overcoming hurdles, avoiding pitfalls

11 April 2013

Orton Hall Hotel
Peterborough PE2 7DN

Clients are contacting us about renewable energy ventures in ever greater numbers. Some have received approaches for solar parks, some are being invited to get involved in AD projects; others are looking at on-farm wind turbines and renewable heat solutions.

In response, we have decided to hold an informal seminar to give farmers and land managers a chance to quiz a panel of experts about the technical, legal and practical issues associated with renewables.

schedule

- 16 45 Registration and coffee
- 17 15 Seminar starts
- 18 45 Buffet and networking
